TIPS AND TRICKS

New to clitoral suction toys? We once were too! Experiment and see what makes you feel good. Here are some pointers to help you get started.

- Hold Little Sucker with the opening facing down and hovering your clitoris to get a feel for the sensation of the air pulses. If vibration hasn't worked for you, this unique way might be your ticket to ecstasy on its own.
- Ready for more? Place the opening right on your clitoris and press down, creating a gentle seal to allow the pulses to take you over the edge. This will give the most intense sensations.

READY, SET, WET | introduction

Your brand new Little Sucker is designed for more satisfying sessions and to add a new element of fun! It's easy to get started but there are a few signature moves and some tips that we want you to know.

WARNINGS

Please read and save these instructions

- Keep out of reach of children and pets.
- Little Sucker is waterproof, but not designed for extended use in the bath, shower, or pool.
- Prolonged use is not recommended. If the toy becomes heated, stop use and allow to cool before use.
- Store in a cool, dry place away from direct sunlight and do not expose to extreme heat.

MEET N GREET | product diagram

KEEP IT CLEAN | cleaning

Always clean your toy thoroughly before and after use.

To clean, use a cleaner made specifically for intimate devices such as Cake's Toy Cleaner. Alternatively, you can use warm water with mild soap and pat dry before storing. Never use cleansers containing alcohol, petrol, or acetone.

GET IT ON | charging

Before you can get down, you've gotta charge it up.

Plug it in for at least two hours before initial use.

Little Sucker has waterproof magnetic charging contacts that looks like two metal circles. Align the end of the provided USB cable with the metal contacts located at the base of the massager. The cable will magnetically attach.

Plug the USB end into any USB port. The power button will emit a blinking light while charging.

When the indicator light is steady, you're ready to play.

LUBE IT UP | usage

It's better when it's wetter. We recommend Cake's Toy Wonder—a no drip, super slick, water-based lubricant designed for use with toys. Plus it feels ahhmazing.

For extra sensations, try Cake's stimulating pleasure serum for your clitoris, Tingle to Mingle.

GO TO TOWN | operating

Press and hold Little Sucker's power button for three seconds to turn the device on and off.

Press the (+) or (-) buttons to cycle between the ten different settings. The first time you play, try them all out to find your favorites.
