TIPS AND TRICKS

Whether you're new to toys or just adding to your collection, the best move is to experiment and see what feels good. Here are a few tips to get you started.

- This toy will strike a pose!
- Try different positions to find your favorite.
- Ten vibrating modes! Try the vibrations on their own to find your favorite settings. Bendable Rabbit can be used internally and externally - try using the vibration tip on other parts of your (or your partner's) body.

BEFORE YOU PLAY | introduction

Your brand new Bendable Rabbit is designed for more satisfying sessions and to add a new element of fun! It's easy to get started but there are a few signature moves and some tips that we want you to know.

MEET N GREET | product diagram

KEEP IT CLEAN | cleaning

Always clean your toy thoroughly before and after play.

To clean, use a cleaner made specifically for intimate devices such as Hello Cake's **Toy Cleaner**. Alternatively, you can use warm water with mild soap and pat dry before storing. Never use cleansers containing alcohol, petrol, or acetone.

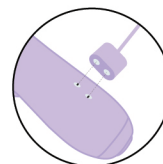

GET IT ON | charging

Before you can get down, you've gotta charge it up.

For best results, give your Bendable Rabbit a full 2-hour charge before first use.

On the base, you'll see two waterproof magnetic contacts (the little metal circles). Snap on the provided USB cable - it'll click into place.

Plug the other end into any USB port. While charging, the power button blinks. Once the light turns solid, your Bendable Rabbit is ready to play.

LUBE IT UP | preparation

A little lube makes everything smoother. We recommend Hello Cake's **Toy Lube**—drip-free, water-based, and made for toys. Want more sensation? Add Hello Cake's clitoral pleasure serum, **Tingle to Mingle**.

USE YOUR TOY | operating

Press and hold Bendable Rabbit's power button for three seconds to turn the device on and off.

Tap the power button to explore different vibration strengths and patterns. First time? Try them all—you'll quickly find your go-tos.
