TIPS AND TRICKS

New to external toys or maybe you're adding to your arsenal? Either way, experiment and see what makes you feel good. Here are some pointers to throw your way.

- Bullet Vibe's small size is ideally suited for clitoral or broad external stimulation. Easy to grip, you can experiment during your play to find the perfect spot!
- Change the intensity in the moment to bring you to the brink and back, extending your orgasms.
- Ten vibrating modes! Try the vibrations on its own to find your favorite settings. Try using Bullet Vibe's vibration tip on other parts of your (or your partner's) body.

WARNINGS

Please read and save these instructions

- Keep out of reach of children and pets.
- Remove any jewelry before use.
- The Bullet Vibe is waterproof, but not designed for extended use in the bath, shower, or pool.
- Prolonged use is not recommended. If the motor becomes warm, discontinue use and allow to cool before resuming.
- Store in a cool, dry place, away from direct sunlight, humidity, or extreme temperatures.
- This product contains a lithium-ion battery.
To prevent fire or injury:
 - Do not crush, puncture, or disassemble.
 - Avoid dropping or exposing to impact.
 - Do not short-circuit or allow metal objects to contact the charging port.
 - If the device is damaged or swelling occurs, discontinue use immediately and dispose of safely.
- To avoid injury or aggravation of a pre-existing condition, this device should not be used on swollen or lacerated areas of the skin.

BEFORE YOU PLAY | introduction

Your brand new Bullet Vibe is designed for more satisfying sessions and to add a new element of fun! It's easy to get started but there are a few signature moves and some tips that we want you to know.

MEET N GREET | product diagram

KEEP IT CLEAN | cleaning

Always clean your toy thoroughly before and after use.

To clean, use a cleaner made specifically for intimate devices such as Hello Cake's **Toy Cleaner**. Alternatively, you can use warm water with mild soap and pat dry before storing. Never use cleansers containing alcohol, petrol, or acetone.

GET IT ON | charging

Before you can get down, you've gotta charge it up.

Plug it in for at least two hours before initial use.

Bullet Vibe has waterproof magnetic charging contacts that looks like two metal circles. Align the end of the provided USB cable with the metal contacts located at the base of the massager. The cable will magnetically attach.

Plug the USB end into any USB port. The power button will emit a blinking light while charging.

When the indicator light is steady, you're ready to play.

LUBE IT UP | preparation

It's better when it's wetter. We recommend Hello Cake's **Toy Lube**—a no drip, super slick, water-based lubricant designed for use with toys.

For extra sensations, try Hello Cake's stimulating pleasure serum for your clitoris, **Tingle to Mingle**.

USE YOUR TOY | operating

Press and hold Bullet Vibe's power button for three seconds to turn the device on and off.

Press the power button again to cycle between the ten different settings. The first time you play, try them all out to find your favorites.
